

IT Governance Assessor CoBIT 5.0

Duration: 3 Days; Instructor-led

WHAT YOU WILL LEARN

COBIT® 5 is the latest edition of ISACA's globally accepted framework. It provides an end-to-end business view of the governance of enterprise IT, reflecting the central role of information and technology in creating value for enterprises of all sizes. The principles, practices, analytical tools and models found in COBIT® 5 embody thought leadership and guidance from business, IT and governance experts around the world.

COBIT® 5 provides guidance to executives and those charged with making decisions concerning the use of technology in support of organizational objectives. COBIT® 5 helps business leaders address the needs of all stakeholders across the enterprise and ultimately maximize the value from information and technology.

You will learn how to perform a process assessment and how to analyze the results to provide a clear determination of process capability. You will also learn how these results can be used for process improvement, measuring the achievement of current or projected business goals, benchmarking, consistent reporting and organizational compliance ultimately driving value to the business
